PROFESSIONAL EXPERIENCE

C4 Innovations, Karachi, Pakistan | Nov 2025 - Present

Full-Stack AI Engineer (Jul 2026 - Present) | Full-Stack Engineer (Nov 2025 - Jun 2026)

- Built SixD Securities' access-control app in React Native and TypeScript (1,000+ users, 300+ sites), with motion-camera events triggering n8n alerts to authorities in real time; deployed WhatsApp chatbots and AI voice agents on Retell AI and Twilio that qualify leads around the clock.
- Shipped 10+ client and internal websites in Next.js and Vite, owning each build from Figma to Vercel CI/CD with a typical turnaround of about 2 weeks.

Source, Karachi, Pakistan | Sep 2023 - Nov 2025

Lead Developer (Mar 2025 - Nov 2025) | Full-Stack Developer (Sep 2023 - Feb 2025)

- Built Source PK, a B2B marketplace for textiles, chemicals and polymers, including the Laravel REST APIs and WebSocket feeds behind live prices, authentication and buyer/seller accounts.
- Automated seller onboarding, cutting activation time from 3+ days to under 2 hours and halving manual effort.
- Promoted to Lead Developer; took the platform to the App Store and Google Play via a mobile WebView shell, reaching 100+ active users.
- Built an internal field-sales app that tracks live employee location and logs every B2B client visit, giving managers real-time visibility into field activity.
